Close and
Personal

Is The Netherlands not your home country?
Do you live in Eindhoven with one or more
children not older than 4 years? Especially
for you, we offer close and personal
English youth healthcare consultations.

Please visit 'CB4Internationals', our ZuidZorg Youth Healthcare Centre dedicated to youth healthcare services for internationals with young children, in Eindhoven.

CB4INTERNATIONALS

At CB4Internationals our youth healthcare nurses and youth healthcare doctors monitor the development of children between 0 and 4 years. We are located in 'Gezondheidscentrum SGE Meerhoven', Meerwater 27, Eindhoven. Please check our website for a route description and parking information.

REGULAR CHECK-UPS

During regular check-up visits at CB4Internationals, we monitor your child's development and health and answer questions about parenting and raising your child. We advise on items such as nutrition, safety, sleeping, tantrums, parenting, multilingualism and more. At the centre, you can also have your child vaccinated in accordance with the Dutch National Immunization Programme.

WALK-IN HOURS

CB4Internationals offers one regular walk-in consultation every week for

your questions and for measuring and weighing your child. Every other week there is a youth healthcare doctor available for medical questions. Please check our website for more information.

GROUP CONSULTATION SESSIONS

You are welcome at our group consultation sessions, where we discuss important issues related to your child. At these sessions you will meet other parents with children of the same age. Please check our website for more information.

COURSES AND THEMED SESSIONS

We frequently offer courses and themed sessions dedicated to raising children and breastfeeding. Please check our website for more information.

LACTATION CONSULTANTS

Our lactation consultants are available to give you advise on breastfeeding. Please check our website for more information.
